ReThink HK is a sustainability event focussed on business value and resilience

It's a city-wide transformation experience - an adventure for all organisations seeking to embed sustainability into every fibre of their business and enhance their contribution to a more sustainable Hong Kong, for everyone! Mark your calendars for September 11-12 at HKCEC! Unite your colleagues from different departments for an immersive 1- or 2-day experience filled with insight, innovation, and inspiration. Engage directly with thousands of trailblazers in the business of sustainability, all under one roof. This accessible, convenient, and budget-friendly event is where learning, growth, and meaningful connections come together to ignite tangible transformation.

Don't miss out — real change awaits!

WHY ATTEND?

Expert-led sessions

Learn from over 500 "Stewards of Tomorrow" who, across 150+ conference, roundtable, and workshop sessions, will guide you on how to get sustainability done.

B2B peer networking

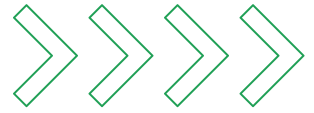

Connect with peers from across multiple industries to exchange insights and forge strategic partnerships for win-win outcomes.

Solutions to support the change

Meet with 300+ companies who have the products, services, and solutions to help you kick-off or fast-track your sustainability journey.

BENEFITS OF GROUP BOOKING

Flexible Registration

Lock in the super early bird rate – the lowest rate of the year and provide staff names later once you can confirm who will attend.

Seamless Process

Settle payment in one go by bank transfer or credit card from the group admin.

Team Building

Turn ReThink HK into a team-building opportunity

Attending as a group enhances team cohesion and ensures consistent learning across departments – this makes the role of your sustainability team much easier as there will be greater understanding of the challenges, and opportunities ahead!

DON'T GET LEFT BEHIND!

Innovative Communication Strategies

Master cutting-edge techniques to effectively broadcast your sustainability achievements and ambition to engage stakeholders in ways they will care about and understand.

Professional Development

Utilise ReThink HK as a comprehensive training camp to boost your team's skills and understanding in spearheading sustainability initiatives.

Making it Real

Bringing your colleagues to ReThink HK will demonstrate to them that sustainability is happening, it is real, and there is no time to wait for everyone in your business to get onboard.
